

Applied Physiology

Agape Quest 1 : Holographic Balancing

The professional Kinesiology course for beginners and experienced practitioners.

Staying true to the roots of Kinesiology, Applied Physiology (AP) expands the bridge between Eastern traditions and Western precision. Combining unique integrated healing models – holographic meridian setup, 7 Element assessment, 14 position muscle monitoring – with potent balancing techniques – meridian tuning forks, holographic acupressure, Figure 8s w/sound – AP's approach to client wellness provides a complete system with powerful tools. Presented with clear and detailed materials and instruction, inspiring demonstrations and supervised practice, you will feel confident about using this amazing system immediately after the workshop.

Agape Quest 1 Workshop Info

Agape Quest 1 is the first class of the 4 part Agape Quest series, providing the basis for the entire Applied Physiology education spectrum. For more information about this workshop and AP, visit www.kinesiohealth.com and navigate to Education Track -> Applied Physiology -> AP Home.

To register for the course, please see the other side for details and contact information.

Your Instructor
